## BLOODY FIGHT IN A JOINT.

Bullets Fly in a Raid on a Kansas Saloon.

Lady Smasher Shot in the Mouth By the Owner.

Associated Press Dispatches by The Tribune's Special Leased Wire. WICHITA, Kan., Feb. 13.—A special to the Tribune says a crowd of men, women and boys smashed Henry Schmidt's joint at Wichita, Kan., this morning. The boys were mostly students from the Methodist College at Winfield. The saloon was completely wrecked.

Charles Schmidt, a brother of the proprietor, was cut on the head with a hatchet and severely injured. It is said one of the women was seriously hurt by flying glass.

Last evening Ernest Hahn, a temperance advocate, was attacked by a joint keeper, and this stirred up the prohibition element.

## AMEER'S SYMPATHY.

Associated Press Dispatches by The Tribune's Special Leased Wire. ALBUQUERQUE, N. M., Feb. 13.—The Amier of Afghanistan has written an extremely sympathetic letter to the Victory of France on the occasion of the death of the

## DELAY FOR THE FIGHT.

Jeffries-Ruhlin Boxing Contest to Be Postponed.

Authority of Governor and Mayor Likely to Clash.

Associated Press Dispatches by The Tribune's Special Leased Wire. CINCINNATI, Feb. 13.—It is unofficially understood the boxing contest with Jeffries Ruhlin, Childs vs. Martin in the ring, scheduled for Friday night, will be postponed, as parties to the fight will not have time to get here after the decision of Judge Holston is rendered tomorrow noon. If the injunction is refused the postponement will be for only a few days. If an injunction is allowed the postponement will be for some weeks, in order to give time for carrying the case through the Circuit and Supreme Courts.

While it is generally believed that permanent injunction will be granted, yet there are many who think that the court may hold that it has no jurisdiction, or may issue a restraining order against a prize fight and not against a boxing contest. In the event of either of the latter results it is conceded that the promoters will make haste to pull off the events, in which emergency many apprehend a lively time.

## EDWARD MAKES A SPEECH.

Addresses Deputation of London's High Officials.

Will Try to Fulfill the Expectations of His People.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Feb. 13.—The Lord Mayor, the Sheriff and Aldermen, robed in maroon gowns, accompanied by civic officers, sword-bearers, mace-bearers and other attendants proceeded in state carriages to St. James Palace today to present to the King a loyal address on behalf of the city of London.

The King and the Duke of Cornwall and York, attended by their suite, reached the palace shortly after noon. The ceremony was the same as is observed at a levee. All the principal officers of state were present.

## JUSTICE COMES AT LAST.

Pardee and McKimley Cannot Defy Their Superiors.

Grave Charges Filed Against Them By the Chief.

In the wake of the sensational charges filed with the Board of Police and Fire Commissioners by Geo. Num yesterday, as published in THE TRIBUNE, regarding the outrageous conduct of Policemen McKimley and Pardee, Chief of Police Hodgkins this morning filed formal charges against the two officers before the Police Commissioners as follows:

"To the Honorable the Board of Police and Fire Commissioners of the City of Oakland, Calif.: Gentlemen: I respectfully beg to report that on the afternoon of Wednesday, February 6, 1901, Regular Police Officer A. R. McKimley and Thomas Pardee visited the house of one Geo. Num, 416 Seventh street, this city, and it is alleged by Geo. Num and Geo. Quong, the two inmates of 416 Seventh street, that Officer McKimley assaulted Geo. Num and that Officer Pardee held Geo. Quong by the arm while Officer McKimley assaulted Geo. Num.

## COUNT OF THE VOTES.

M'Kinley and Roosevelt are Declared Elected.

Impressive Meeting of the House and Senate.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Feb. 13.—The ceremony of counting the electoral vote for President and Vice-President last at the election last fall took place in the hall of the House of Representatives at 1 o'clock today, at a joint session of the House and Senate. The method of counting is prescribed with great detail by the statutes and was followed literally today. Great crowds thronged the galleries to witness the interesting spectacle.

At 12:45 proceedings in the House were suspended and five rows of seats upon the right of the hall were vacated for the members of the Senate. At one minute of 1 o'clock, Colonel Ramsdell, sergeant-at-arms of the Senate, appeared at the main door opposite the Speaker's desk and announced the President pro tem and members of the Senate. The members of the House rose to receive them while page boys carrying the caskets in which the electoral returns were deposited took them to the clerk's desk.

## FROST FOR MRS. NATION.

Lecture Tour Is Not Proving a Great Success.

Mayor Harrison Calls the Saloon Smasher an Anarchist.

Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, Feb. 13.—Physical exhaustion and an almost complete loss of her voice, caused by her outdoor speaking the past few days, confined Mrs. Nation to her rooms today until the hour set for her appearance at Willard Hall, led her to give up her plans for further personal visits to the saloons.

"But I am going to talk to the saloon keepers and bartenders off Chicago tonight at Willard Hall," said Mrs. Nation. "They promised me last night they would come to hear me, and I do hope they will not disappoint me."

## MEDICAL BILL IS PASSED

Senate Amendments Concurred in By Assembly.

Plague Bill Is Called Back From the Committee.

Associated Press Dispatches by The Tribune's Special Leased Wire. SACRAMENTO, Feb. 13.—In the Assembly this morning the plague bill, one of which caused such a protracted debate yesterday, were made a special order for next Tuesday morning. It was agreed that the bill making it a felony to make publication of any case of contagious disease, should be recalled from the Committee on Engraving and considered to be upon the second reading file, subject to amendment. This action was taken at the request of Johnson, who had championed the bill on the floor of the House.

The bill was sent to engrossment by Speaker Pendleton last night, but its return to the second reading file restores it to its proper place. Harrison's much amended medical bill came from the Senate this morning, having passed that body last Monday. Harrison, the author of the measure, moved that the Senate amendments be concurred in, which was done without dissent. The bill now goes to the Governor for his approval.

"THE MILL OF THE (TIN) GODS" RESPECTED CITIZEN—Stop! We have too many of these already for the city's good!

"In accordance with rule 19 of the rules and regulations governing the Oakland Police Department, I have investigated the above matter and in my judgment I think it is a case of sufficient importance to bring to your notice officially.

"I therefore prefer the following charges against Regular Police Officers A. R. McKimley and Thomas Pardee:

"First.—That on February 6th the said Officers A. R. McKimley and Thomas Pardee violated article 19 of rule 52 by neglecting to arrest two Chinese who were blowing police whistles on Seventh street, between Franklin and Broadway streets, thereby failing to enforce ordinance No. 52 an ordinance prohibiting the blowing of a police whistle except by policemen or in case of necessity or impending danger.

"Second.—That on February 6, 1901, the said Police Officers A. R. McKimley and Thomas Pardee violated article 1 of rule 52 by conduct unbecoming officers and gentlemen. I respectfully submitted.

"S. C. HODGKINS, "Chief of Police."

Before the foregoing charges were read the complaint of Geo. Num was read by Deputy Clerk Hamner and referred to the Chief of Police. All the Commissioners, City Attorney Dow, Mayor Snow and City Engineer Clement, were present.

As to Chief Hodgkins' charges, Commissioner Clement suggested that a day be set for hearing.

Mayor Snow said he thought the matter ought to be taken up this afternoon, "in view of the last experience."

Commissioner Dow suggested next Wednesday as a time when all the Commissioners would be present. He said he could not be present any other day, owing to "personal engagements."

"Engagements for the city?" inquired Clerk Hamner as the time for beginning an investigation of the Police Chief's Mayor Snow.

"Yes, sir," retorted Mr. Dow.

Finally, on motion of Commissioner Clement, next Monday afternoon at 2 o'clock.

## BATTLE IN CHINA.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Feb. 13.—A special dispatch from Shun H. Kuan, dated February 11th, says the Russians lost forty men killed in an engagement at Kao Chiao and that they refused the assistance of the allies.

It is hoped that the arrival of Sir Walter Miller (adviser to the British military authorities in China at Peking) will expedite the negotiations with the Chinese court.

## FATAL FLOOD IN PERU.

LIMA, Peru, Feb. 13, via Galveston:—A dispatch from La Paz, dated February 11th, 5 P. M., says that the overflow of the river caused the inundation of the city and the destruction of bridges. The electric lighting system has been disabled and the city has been in darkness for two nights. Many lives have been lost and the damage will aggregate a million dollars (Bolivian).

"The Senate and House of Representatives of the United States," he announced, "are in joint session pursuant to the Constitution and laws of the United States for opening the certificates and counting the votes for electors for president and Vice-President of the United States. If there is no objection the formal portions of the certificates will be omitted. The certificates of the State of Alabama will be read by the tellers, who will make a list of votes therefrom."

Thereupon Senator Chandler read in extenso the certificate of the vote of Alabama, giving eleven votes for William Jennings Bryan of Nebraska for President, and eleven votes for Adlai E. Stevenson of Illinois for Vice-President. When Senator Chandler was about to read the certificate of the State of Arkansas, Senator Cockrell of Missouri addressed the Chair. "Can we not dispense with the reading of these certificates," he asked, "and have simply the result announced? I think we can trust the tellers."

This remark created general laughter.

## MRS. PLATT PASSES AWAY.

New York Senator's Wife Dies of Heart Affection.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Feb. 13.—Mrs. Thomas C. Platt, the wife of United States Senator Platt, died early today at her apartments in the Fifth Avenue Hotel, after a long illness.

Senator Platt and his three sons and their wives were at the bedside.

Mrs. Platt's affliction was a nervous affection of the heart, and despite the efforts of doctors and trained nurses that organ had been growing gradually weaker for some time past. Powerful heart stimulants were administered, and under their influence the strength of the patient was sustained for weeks.

A change for the worse came yesterday. Mrs. Platt's heart showed every sign of giving out and every moment of the day and throughout the night she was watched by the nurses or the doctors.

"Speech, speech," shouted the assembly.

"Yes, I am going to talk right now," said Mrs. Nation.

Mrs. Nation then bitterly upbraided the W. C. T. U. and church members in general for their neglect of the people of the slums.

Leaving Willard Hall Mrs. Nation was carried off her feet by the crush around the entrance. There were no policemen to keep back the crowds, and Mrs. Nation, escorted by Mrs. M. B. Carver of the W. C. T. U. and surrounded by a cheering, shouting, struggling mob of men and boys, was practically shoved down La Salle street for over a block, where a cab was secured.

"Drive to Mayor Harrison's office," said Mrs. Nation, and the cab, followed by a crowd of several hundred, drove to the City Hall. The corridors of the building were jammed with men, and Mrs. Nation literally had to fight her way to Mayor Harrison's office, only to meet with disappointment. The Mayor was at lunch, according to his secretary, and would not be in his office during the day.

"I am sorry, I wanted to open his eyes to the evil around him," said Mrs. Nation.

## FUN FOR LEGISLATORS.

SPRINGFIELD, Ill., Feb. 13.—A resolution inviting Mrs. Nation, the Kansas saloon smasher, to address the House of Representatives, was introduced today by Representative Witt, as follows:

"Whereas, We have just learned that Mrs. Carrie Nation has arrived in our State; therefore, be it

"Resolved, That the Forty-second General Assembly does hereby extend to her an invitation to address this House, Thursday, February 14th, at 2 o'clock P. M."

The reading of the resolution was received with laughter.

"Let it be referred to the Committee on Licenses," suggested Mr. Mitchell. Speaker Sherman looked over the resolution a few minutes and then said:

"Referred to the Committee on Military Affairs."

Senator McKenzie moved that the resolution be made a special order for February 25th, and the motion prevailed by a viva voce vote.

Judge Ellsworth has overruled the demurrer of the defendant in the suit of George W. Hull, the Arizona copper king, against his ex-wife, Margaret J. Hull. The suit is the one wherein Hull charged his wife with being a bigamist and in which he seeks to set aside a deed to her of their homestead at Berkeley. The defendant was given ten days to answer the complaint.

## LET TOMPKINS ORDER HAY AND COAL.

Nobody has given a valid reason why the City Clerk should give private orders for election supplies any more than he should give private orders for other supplies furnished the city. If he orders election supplies why should he not order hay and coal for the city, fixing the quality and the prices to the satisfaction of himself and the favored dealers?

For the charter election last December he paid \$3.50 per set for election supplies, yet a reputable firm in San Francisco has offered to furnish them for \$2.50 per set, including extras. This is less than half the price paid under the private arrangement of Tompkins.

Apply those figures to the coal and hay supplied the city and one can readily see how the municipality would come out if City Clerk Tompkins could give the orders and fix the prices as he does in ordering election supplies. The current price for Coos Bay coal is \$10 per ton. Adopting the Tompkins rule of paying \$3.50 for what can be bought for \$2.50, the price would be \$25 a ton. Alfalfa hay sells for \$11 a ton. According to the Tompkins scale the price would be \$55 a ton.

Why not let watchdog Tompkins give private orders for coal and hay? No doubt he could induce the dealers to whom he gave the orders to come in and substantiate his statement that he was protecting the treasury by paying two and one-half times as much as other dealers charged for hay and coal. Very likely the recipient of Tompkins' favors would give the other dealers a bad name and assert that their coal and hay were no good.

The peculiar financial operations of Tompkins should not be restricted to ordering election supplies.

## IMMIGRATION ISSUES.

A few years ago the vast percentage of immigration to these shores was from the British Isles; it now comes from Austria, Italy and Russia. These three nations alone contribute a full three-fourths of the total number of aliens coming to this country during the year just closed. The tide from Great Britain has been turned towards the colonies of Australia and Canada where every inducement is held out by the local governments and the transportation companies to the permanent settler. The available public lands in this country have been pretty nearly all taken up and we no longer hold out the opportunities we once did to the agricultural classes. The majority of those now coming here are in search of employment in the mines and factories, which occupations offer but small remuneration in the land of their birth. They come in the majority of instances to enter into active competition with our own laborers and mechanics as is shown in the coal mining regions of Pennsylvania, where the Hungarian and Pole have driven all other nationalities out of the field. The Russian remains in the great centers as a laborer or finds employment in the smaller crafts and as a slave of the sweat shop. The Italian is gradually supplanting the picturesque Cape Cod fisherman in that industry and to an extent is getting control of the market gardens about the large centers.

While our immigration laws are rapidly being made more restrictive they are not effective in preventing a large class of undesirable settlers from coming in to flood the labor market to the detriment and injury of our own people. In the recent report of the Commissioner-General of Immigration a note of warning was sounded concerning the laxity of our laws as they now stand for they permit the landing and admission of a class of immigrants who do not come here for the determined purpose of becoming citizens but merely to obtain employment of a temporary character that will enable them to put by a little store with which they intend to return to the land of their birth. At the same time, as this report points out, these people are given greater protection than our own citizens. In the event of an alien being killed or injured by a mob, his relatives or he himself, if it is only an injury, can come in and claim damages from the Government. In this way he has the advantage of those who are born on the soil or have become naturalized and came here with the intention of permanently abiding under our flag.

In this particular the Japanese are to be especially referred to. They come to the United States to receive the benefits of our educational institutions and meanwhile engage in occupations which bring them into direct competition with our own people. "The Japanese good school boy" has become an expert cobbler and is underbidding the white man at every turn in this craft. He makes himself popular and readily falls into our ways and he succeeds in ingratiating himself into our households as a cook or in some such menial position, and all the time is preparing himself to return with an education and some of our money to his own land. This is all right for the Japanese but it is rather rough on those who are injured by his coming here to take up a temporary abode. We have skimmed the cream off Europe and the majority of the immigrants now coming here are not of a class that will prove beneficial to the country.

As for the Asiatics, we don't want them at all. To size up the situation, we have about all we can do to take care of our own rapidly increasing population and we do not desire to have any more outsiders coming over to benefit themselves at the expense of those already here. There are plenty of other places on the globe outside of our jurisdiction where they can go and grow up with the country and we do not want these undesirable elements to flock to our land which has already pretty well reached the limit of what it ought to contain if we take into consideration that we are growing at the rate of over a million a year and need some spare room for the generations that are to follow us.

I honor him who needs must chop the stone.  
Must pluck the root up, murder beast and bird.  
Then label with a very butcher's word  
The bleeding pieces. Though he build his throne  
On brittle stalks and hollow carcass bone,  
Still by a princely purpose he is stirred;  
And such his thirst for knowledge long deferred,  
Kind nature counts him in among her own.  
But him I love the Muses make their care.  
Leading his feet wherever he may go,  
To spell the gentle magic of the air,  
Of golden thoughts and darkest brooks that flow.

He finds, and leaves them fairer than they grow.

## DEATH MASK OF NAPOLEON FOUND.

Associated Press Dispatch to The Tribune.

PLAINFIELD, N. J., Feb. 13.—From an ash barrel that had been consigned to a dump, Colonel Julian Scott, the well known artist, has rescued a death mask of Napoleon which was taken at St. Helena after the death of the great general. The mask is a mate to the one highly prized in the collection of the Metropolitan Museum of Art, which was presented by Mrs. Astor.

The mask found by Colonel Scott belonged to the Spooner collection of valuable works of art when the owner lived in North Plainfield. After his death it fell into hands who did not know its value and gradually drifted to one side until it fell into the ash barrel, and was found just in the nick of time by Colonel Scott. Although somewhat damaged now, Colonel Scott believes that he will be able to restore it to its original value.

## MATRIMONIAL MIX-UP IN MILWAUKEE

Associated Press Dispatch to The Tribune.

CHICAGO, Feb. 13.—A special to the Tribune from Milwaukee, Wis., says:  
Over 200 people in this city who supposed themselves divorced are married. This discovery was made yesterday when it was found that in over 100 cases where divorces have been granted they have not been docketed.

The four judges of the Circuit and Superior Courts immediately met and adopted a rule that no decree of divorce will be made until one of the parties deposits the fee for entering the judgment. The judges blame the lawyers, and the lawyers blame their clients for not paying. No decree of divorce is valid until it is entered, and there have been over 100 cases in the last two years where the parties failed to have the judgments entered.

## CANADIAN SCORES VAN WYCK.

Associated Press Dispatch to The Tribune.

TORONTO, Ont., Feb. 13.—The local Legislature of the province of Ontario has passed a resolution expressing sorrow at the Queen's death and deep attachment to the throne.

In supporting this, J. P. Whitney, the opposition leader, was bitterly sarcastic over the refusal of the Mayor of New York to host the city flag to half mast.  
"The respectable citizens," he said, "united in showing their sorrow, but the Tammany bosses and civic officials of the crime-governed city, who live by blackmailing vice, could not honor a noble and virtuous life. This action of the Mayor but accentuated the grief of all honorable men and women."

## TWO BOY ROBBERS ARRESTED.

Associated Press Dispatch to The Tribune.

INDIANAPOLIS, Ind., Feb. 13.—It is thought by the police that the two boys under arrest at Kansas City for having in their possession money for which they could not account, are the ones supposed to have robbed Fred Huebner of nearly \$1,000 a few days ago. Of this money over \$800 was in gold. The boys' ages correspond with those of the boys under arrest in Kansas City. Captain Kruger of the local police department telegraphed the Kansas City authorities early this morning requesting that the youngsters be held until something can be learned about them.

## YOUNG BOY MURDERS HIS BROTHER.

Associated Press Dispatch to The Tribune.

HINTON, W. Va., Feb. 13.—Frank Crawford, aged 16 years, was shot and instantly killed by his brother Charley, aged 14 years, at Ballingee yesterday. Frank objected to Charley going out hunting, and to prevent him Frank held the dog, which enraged the younger boy and he discharged the contents of the shotgun at his brother with the above result. Charley has been jailed.

## CHASTLY MURDER IN OHIO.

Associated Press Dispatch to The Tribune.

COLUMBUS, Ohio, Feb. 13.—The headless body of a man was found in a vault in the rear of Charles Henson's saloon early today. The body had been badly hacked by a knife, the head having been cleanly severed. There is no clue to the identity of the dead man.

## SOCIETY.

The co-eds of the University of California have made final arrangements for the novel tea which they are to give next Friday evening from 5 to 9 o'clock. Each women's club or fraternity is expected to furnish a sofa cushion, which will be sold at auction. The proceeds will be for the benefit of the Women's Sports and Pastimes Association.

The young ladies will all appear in old-fashioned costumes. The music will be danced by Miss Bramlet, Miss Houlds, Miss Mathew, Miss Davis, Miss Snow, Miss Berghouser and Miss Evans.

Besides the cushions, candy will be sold. The entertainment will close with dancing.

The following students have been appointed by President Fisher to assist the young ladies during the afternoon and evening: Captains Butler, Curson, Bradley, Osborne, Allen, Harvey, Moran and McConaughy; Lieutenants Walte, Vanderblit, Ross, Carter and O'Toole; sergeants Powell, Service, Baird, Martin and Graydon.

Yesterday afternoon Miss Christie Taft gave one of the most delightful luncheons of the season at her home, 1363 Harrison street, in honor of Mrs. William Watt, nee Middleton. It was a Valentine luncheon. The guests received heart-shaped boxes filled with yellow candles, with green heart centers. The boxes were heart-shaped, speared through with arrows, to which were attached valentines. The table was decorated with yellow daffodils and maidenhair fern. Covers were laid for Miss Clara Converse, Miss Florence Hayden, Miss Gertrude Gould, Miss Florence Hush, Miss Ruth Dunham, Miss Jane Crellin, Miss Edith Gaskill, Miss Ethel Valentine, Miss Edith Selby, Miss Maud Edith Pope, Mrs. William Watt, Miss Christie Taft.

Mr. and Mrs. J. P. Lamberth of Chicago have arrived from Los Angeles and are the guests of Mr. and Mrs. R. S. Leckie.

Word has been received here of the engagement of Miss Josephine Patterson of this city to William McLane Latham, a prominent musician in the East. The marriage will take place in the spring and will be celebrated in the East.

Miss Higgins recently gave a very enjoyable card party at her home on Vermont street in honor of her sister, Mrs. Henry E. Eastman, who has recently returned from Nashville, Tenn.

There will shortly be an "at home" at the residence of Mrs. W. J. Reed on Harrison street, to be given by the "Sublette Circle," a society composed of young girls of the Presbyterian Church. Among those who are planning the tea are: Miss May Cogman, Miss Edith Beck and Miss Lillian Reed. Yesterday's Edith luncheon was a very pleasant affair. There was a program under the direction of Mrs. Milton Bulkeley, who was chairman of the Musical Committee, and numbers on the violin were given by Miss Catledge Harbo, and there were songs by Miss Edith Bates, and Mrs. Koser. Miss Nellie Davenport was the accompanist. Mrs. A. C. Schlesinger was chief hostess and was assisted by a committee of ladies in welcoming the guests. The hall was beautifully decorated with almond blossoms.

The next function of Edith will be given Saturday of this week. There will be a program beginning at 3 o'clock and H. B. Pasmore will be in charge.

The informal tea announced for tomorrow afternoon at Mrs. Sol Kahn's will take place the afternoon of February 20th instead. A mistake in the announcement was made through a typographical error.

A dispatch from Santa Cruz says: "Limer E. Nichols, principal of the Lorin school at Berkeley, was united in marriage today to Miss Edith Weidman, one of the most popular and beautiful young women of this city. The groom completed work in the pedagogical department of the University of California in 1898. He is well known in the Santa Ana High School and the Los Angeles State Normal School. He was later principal of schools at Alhambra and San Juan Capistrano.

"The bride is prominently identified with the Congregational Church in Santa Cruz. Her uncle, A. J. Hinds, with whom she has been making her home, is a pioneer real estate dealer in the city of Santa Cruz. She is a striking brunette, with a wealth of luxuriant hair."

The Ladies' Aid Society of the Pilgrim Congregational Church will give a St. Valentine supper tomorrow evening in the church parlors.

Paul C. Fischer of New York is the guest of Dr. and Mrs. H. J. Planteaux of 1615 Twenty-third avenue, the parents of Mrs. Fischer's wife. The guest is the Steinway manager for Godowsky, the pianist, who is giving recitals in San Francisco.

## PROF. BURCKHALTER ON THE ECLIPSE.

At the meeting of the New Era Club in the First M. E. Church, Tuesday evening next, Prof. Burckhalter will deliver an illustrated lecture on "The Eclipse Expedition." Members of the club will be entitled to bring friends.

Appointed Appraisers.  
Judge Greene has appointed John Morel, Joseph Gambrill and Angelo Lagori to appraise the estate of Alberto Foriga, deceased. They will act without compensation.

## AT BED TIME

I take a pleasant herb drink, the next morning I feel bright and my complexion is better. My doctor says it acts gently on the stomach, liver and kidneys and is a pleasant laxative. It is made from herbs, and is prepared as easily as tea. It is called Laxative. All drug stores sell it at 25c and 50c. Laxative Family Medicine moves the bowels each day. If you cannot get it, send for a free sample. Address: Dr. J. B. Woods, Le Roy, N. Y.

## EIGHT POUNDS!

Eight pounds of love and laughter, of smiles and sunshine or? Many a mother can fill up the blank out of her experience of puffy, wailing children, who brought no comfort to the mother's heart, with the "Favorite Prescription." Women who have used Dr. Pierce's "Favorite Prescription" as a pre-natal preparation know that it makes all the difference between happy, healthy motherhood and a motherhood of mourning and misery. And they know also, that happy, healthy mothers have happy, healthy children. "Favorite Prescription" strengthens the whole body for the strain of motherhood. It practically does away with the pain of childbirth, and gives the mother abundant vitality and enables her to nurse and nourish a healthy child.

The "Favorite Prescription" contains no alcohol, neither opium, cocaine, chloral nor any other narcotic.  
"I am mother of six children," writes Mrs. C. A. Briggs, Millwood, Oregon. "I have always taken three or four bottles of 'Favorite Prescription' before confinement and never suffered any of the usual pains. My babies were large—they all weighed more than eight pounds, and I am not a large woman. I have never had any of the 'Golden Medical Discovery' would set me all right. I am hardly ever without some of the 'Golden Medical Discovery' in my drop case three times a day. Now he is just as healthy a child as can be found and he grows like a weed." Dr. Pierce's Pleasant Pellets are the best laxative for women.

## VETERAN RESERVES ARE HONORED.

The following dispatch was received last evening from Sacramento: "SACRAMENTO, Cal., Feb. 12, 1901.—Captain C. K. King, 952 Broadway, Oakland: On this anniversary of Lincoln's Birthday the Senate passed the Act constituting the Veteran Reserves an independent company of the National Guard.

(Signed) G. R. LUKENS."  
The Veteran Reserves, it will be remembered, was the first organization in the United States to offer their services to the Government ten days after sinking of the Maine in Havana harbor and received flattering thanks from the President and Secretary of War.

They are composed of distinctively military men and the State in thus honoring her veterans does herself proud. The Reserves will be under orders of the Governor (the Commander-in-Chief of the State's forces).

Services commemorative of Lincoln's Birthday were held at the Peralta School at 2 p. m. yesterday. Superintendent Crawford requested a detail of Veteran soldiers from Company A, Veterans Reserve, to appear at the school. Captain King detailed Private W. H. Patton and Sergeant C. H. Parmenter for that duty who proceeded in uniform to the school and entertained the pupils on the subject of our "Martyr President" and reminiscences of the great war.

The Veteran Reserves are always ready to do their share in promoting love for country and good citizenship.

## TALKED ABOUT THE BIG TRUSTS.

Dr. Thomas Addison, manager of the General Electric Company of San Francisco, delivered an address before the Men's League at the First Congregational Church last evening, his subject being "Trusts versus Socialism."

A history of trusts was given, with a similar review of socialism, and the speaker presented an optimistic view of the future social conditions, resulting not from a serious clash between the accumulations of capital and the new opposing forces.

He said that he would offer no argument for or against the trusts, intending merely to state a series of facts. However, he did assert that trusts and prosperity went together and that by cheapening products the trusts did a great deal of good.

"The producer," said Dr. Addison, "exists for the consumer, not the consumer for the producer. Therefore the consumer is supreme. If the trusts produce things better or more cheaply for the people, they are good. If not, they should be tolerated."

The Standard Oil Trust, called the most malignant of all the trusts, was declared to have caused the great reduction in the price of oil since that combination was established. In 1862, said the speaker, a telegram from New York to San Francisco cost \$2.45, and the price is \$1. Credit for this reduction was given to the Western Union Telegraph Company.

Trebelle, queen of song will be heard at the First Unitarian Church Tomorrow (Thursday) evening.

## STRUGGLE OF LONDON SMART SET.

Only Peeresses Secure Seats for Royal Function.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, Feb. 12.—A dispatch to the Tribune from London says:

The peeresses have secured seats in the House of Lords for the next royal function, and smart society is struggling to get in. To bishops, judges and diplomats is accorded a limited representation, and the peers are excluded from seats in their own chamber and the space before the bar is reserved for perhaps sixty commoners. An anomalous feature of this state function is the power exercised by the officials whose privileges are hereditary. These are the Marquis of Cholmondeley, who, as hereditary great chamberlain, is responsible for all the arrangements at Westminster, and the Duke of Norfolk, who, as Earl Marshal, supervises the parade outside, with assistance from the Duke of Portland, master of the horse. In consequence of the hereditary rights of these two officials the peeresses will hear the King's speech, the Commons will be crowded out, and the masses outside, under the strenuous discipline of the military and police, will be lucky if they catch a glimpse of the chariot of George III with a sight of the Flemish horses. The pressure from the smart set for entrance into the House of Lords is tremendous, but the peeresses are safe, though the heavens fall, and the Commons who will vote the civil list of the new reign are to be represented only by the Speaker and mace-bearer.

There are two curious points in connection with the ceremonial that will be observed at Westminster tomorrow. The sword of State will be carried by the Postmaster-General, and Salisbury

## STRANGER THAN FICTION.

A Remedy Which Has Revolutionized the Treatment of Stomach Troubles.

The remedy is not heralded as a wonderful discovery nor yet a secret patent medicine, neither is it claimed to cure anything except dyspepsia, indigestion, and stomach troubles with which nine out of ten suffer.

The remedy is in the form of pleasant tasting tablets or lozenges, containing vegetable and fruit essences, pure aseptic pepsin (government test), golden seal and dillseed. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the digestive power of Stuart's Tablets show that one grain of the active principle contained in them is sufficient to thoroughly digest 3,000 grains of raw meat eggs and other wholesome food.

Stuart's Tablets do not act upon the bowels like after dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect whatever in digesting food or curing indigestion. If the stomach can be rested and assisted in the work of digestion it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach.

will walk in the procession as Lord Privy Seal and not as Prime Minister, which is an office as yet unrecognized by the court etiquette. In the apartment of the palace of Westminster known as the Queen's robing room the King will for the first time assume his royal robes of crimson silk velvet, edged with rows of gold lace and powdered ermine. The robe is from a design which is worn only by royal personages. The robe is lined throughout with ermine and is surmounted with a deep cape of the same fur. The cape and lining are composed of hundreds of carefully selected skins adorned by several thousand spots of black fur. The train is some yards in length and is fastened at the neck by a solid cord finished with billion tassels. Queen Alexandra's robes are of similar material but not of identical design. The stage coach was delivered last evening after having been thoroughly renovated. The huge chariot has been in large measure refitted and presents a most imposing appearance.

Trebelli, the famous singer, will give a concert at the First Unitarian Church, tomorrow (Thursday) evening, Feb. 14.

## KING WILL NOT REFER TO CANAL TREATY IN HIS SPEECH.

NEW YORK, Feb. 12.—A dispatch to the Tribune from London says:

The opening of Parliament will bring public affairs once more within the range of vision, and the ceremonial side of the court will attract less attention than it now receives. The financial business of the exchequer will probably escape criticism from the opposition benches, for Sir Michael Hicks-Beach has followed the principles of Mr. Gladstone and Sir William Vernon Harcourt in his borrowing operations and methods of financing a costly war. His latest borrowing process is not yet complete, but experts condemn it in advance as petty and feeble, and contrast his entire management of national finance during the war with Secretary Gage's conduct of the American treasury during the war with Spain.

The war itself remains a source of national discontent and dissatisfaction. The latest news is that General French has captured a convoy and is still driving Botha's forces eastward, but De Wet is again threatening Cape Colony with invasion, and there is little confidence among military men that Charles Knox will overtake him and entrap his burghers.

## PROGRESS OF THE HARBOR BILL.

WASHINGTON, Feb. 12.—The river and harbor bill, it is understood, has received the favorable touches by the Commerce Committee of the Senate, and is likely to be reported at any time. All the members of the committee are bound not to reveal the changes to be recommended, and those Senators who have obtained information on the subject are similarly bound. Many of the amendments proposed by them. Just what will be the action of the committee on three California amendments is not ascertainable tonight, though Senator Perkins has been assured that all three items will be left in the bill. All, however, are likely to be cut down.

## GOOD NEWS FROM GEN. MACARTHUR

Rebellion in Northern Luzon Virtually Crushed.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, Feb. 12.—The following cablegram today was received at the War Department from General MacArthur at Manila:

"Colonel Simon Tecson, seven officers, seventy-one soldiers, fifty-nine guns, 2,000 rounds ammunition, surrendered unconditionally February 11th, San Miguel de Alayumo, Luzon. This brings up group insurance today was operated in the mountains east of Bulacan; removes from Northern Luzon last formidable organized force excepting in First district. Rigorous enforcement of proclamation December 20th. Spontaneous action of people through Federal party on behalf of police and self protection are producing most satisfactory results. Acquiescence hope entire suspension hostilities early date.

"MACARTHUR."

## TRY A TRAITOR.

Associated Press Dispatches by The Tribune's Special Leased Wire. MANILA, Feb. 12.—General Davis has been admitted to conduct the investigation into the charges against D. M. C. Gorman, the American contractor, who, with his partner, Theodorio Carranza, a Spanish merchant, was arrested February 6th, charged with furnishing supplies to aid the insurgents. The evidence against Carranza is accumulating.

During the night about sixty miles southeast of Manila, sixteen insurgents were killed and important captures were made.

A number of insurgent officers have surrendered to Captain Lenz, of the Marine Corps at Subic.

A quantity of ammunition has been discovered in the house of a merchant at Manila.

## AMES COMPROMISE IS ORDERED.

Judge Greene issued an order this morning authorizing the compromise of the suit of E. V. Underhill, executor of the will of Ann Harris, deceased (substituted in place and stead of Ann Harris), against Joseph P. Ames. The hearing in court was very brief, occupying but a few moments. Mr. Underhill merely testifying that all the interested parties had agreed to the terms of the compromise offered and that he thought it was for the best interests of the estate to accept.

Ames is to pay \$25,000 in cash and give four secured notes for \$5,000 each. The latter are to be placed in escrow with the First National Bank of San Francisco. In the original compromise agreement the notes were to be held by the Union Trust Company. This is the only change in the agreement.

## GETS FOUR YEARS.

Frank Ortiz, found guilty of taking a watch from J. W. Litzinger, was sentenced this morning by Judge Greene to four years in San Quentin. His attorneys made a plea for a new trial, claiming that no evidence had been introduced to connect the defendant with the crime.

"I think the evidence is sufficient," said the judge. "I would hang him on it if his life depended upon my judgment."

## An Insane Barber.

Joe Hardy, a colored barber whose shop is on Sixth street, was found wandering about the streets at a nearby hour this morning shouting for some one to save him from imaginary enemies. He was laboring under the hallucination that some one was trying to catch him and force poison down his throat. He was taken to the ward for the insane at the Receiving Hospital. He is very violent.

## Frank McGuire's Funeral.

The funeral of Frank McGuire took place yesterday afternoon. A requiem mass was celebrated at Sacred Heart Church, and the interment was in St. Mary's cemetery. Mr. McGuire was 50 years old and until recently lived at Martinez. He leaves two brothers, William and James, and two sisters, Mrs. B. Woolbert and Mrs. Jas. Davis.

## PADDING SKELETONS.

One Pound of Grape-Nuts Makes More Flesh Than Many Pounds of Ordinary Food.

It is worth while to find a food that will put two pounds a day on the frame of an invalid that has been reduced to a skeleton. A lady in Middletown, Ind., says: "For more than fifteen years I have been more or less of an invalid. The doctors said general debility was the trouble brought on by overtaxing the nervous system and the digestive organs. Then finally lagrippe and pleurisy set in, lasting about ten weeks, and I was reduced to a skeleton of less than seventy pounds in weight, notwithstanding I was being fed on meat and ordinary food."

"My relatives were telegraphed to come quickly if they would see me alive. At this time I was put on Grape-Nuts food, and found I could eat it and that it suited my taste and I began at once to gain in strength and weight. My weight increased about two pounds per day. I reached about one hundred pounds which is heavier than I had weighed for more than fifteen years."

## REPUBLICANS WILL OPEN THE CAMPAIGN

Grand Rally at Elite Hall Saturday Night.

The Republican City Central Committee held a meeting last night at its headquarters, 1055 Broadway, at which much important campaign business was transacted.

Proceeding the executive session, an informal meeting with candidates and other Republicans took place, at which general matters affecting the campaign were discussed, and views were freely exchanged. The utmost unanimity prevailed and enthusiasm characterized the meeting.

It was decided to hold the first grand rally of the campaign at Elite Hall, corner of Twelfth and Webster streets, on Saturday evening next, February 16, 1901.

Hon. W. J. Davis and other eminent speakers will address the meeting and all the regular Republican candidates will be upon the platform. The exercises will be interspersed with first-class instrumental and vocal music. Seats will be reserved for ladies and their escorts.

## T. KEATING'S ESTATE.

The inventory and appraisal of the estate of the late Thomas Elmer Keating, who was one of the greatest drivers of race horses on the continent, was filed today by Augustus Fernald, Fred Adams and J. C. Walker, all of Pleasanton. They value the estate at \$10,293.65. Among the principal items are money in the Bank of Pleasanton, \$3,112.02; a debt due the deceased by James Butler of New York, \$2,511.66; racing outfit, \$20; promissory notes, C. A. Durfee, \$100; promissory notes, J. J. Williams, \$20.

It was always understood that Keating had an interest in several famous race horses, notably Searchlight, the great pacer, but none of them are listed in the inventory of his estate.

## SOUTHERN EXPANSION.

Enlargement of the Wine of Cardul Plant at Chattanooga.

CHATTANOOGA, Tenn., Feb. 12.—The Chattanooga Medicine Co., manufacturers of McIlree's Wine of Cardul and Theodor's Black-Draught, have just completed the erection of three new buildings as additions to their large plant here. These buildings give the company over two acres of floor space and make the plant the second largest in the world devoted to the proprietary medicine business.

In moving into this modern equipment, the medicine company has installed a complete electrical plant for operating its machinery. Improved electric motors have been installed in each building. An automatic sprinkler outfit, which is considered an absolute preventive of loss by fire, has also been erected.

This great business is rapidly extending to foreign fields; a shipment of 1500 bottles of Wine of Cardul being recently made to British South Africa.

## SWITCHMAN HAS HIS FOOT CRUSHED.

A. D. Thompson, a railroad switchman, fell beneath the wheels of a moving freight train at the West Oakland yards and had his right foot crushed so severely that it was found necessary to amputate it above the ankle. The operation was performed at the Receiving Hospital. Thompson is a man of family and resides at 503 Chestnut street.

## ALAMEDA MAGISTRATE IS REVERSED.

Ralph Levy, the Alameda man who was arrested on a charge of disturbing the peace, on complaint of his landlady, Mrs. Harris, got a judgment against her for \$250 for malicious prosecution. The case was tried originally in the justice court of Alameda, where judgment was given for Mrs. Harris. Judge Elsworth heard the case on appeal yesterday and reversed the Alameda magistrate.

## Death of Clay Holmes.

Clay Holmes, son of M. W. Holmes, Deputy Street Superintendent, died last night at 10 o'clock at the family residence, 766 Nineteenth street. His death was attributed to tuberculosis, from which he had been suffering for a long time.

## Two Inquests Held.

Coroner Mohrman conducted two inquests last night. In the case of Daniel S. Barrett, an old soldier found dead near Melrose, the Coroner's jury returned a verdict that death was due to fatty degeneration of the heart superinduced by alcoholic stimulants.

As to Oscar Olafson's death, the Norwegian fisherman killed by the narrow gauge on the Alameda side of Webster street bridge last Saturday night, a verdict of accidental death was returned, and the railroad company was exonerated from blame.

## Addressed the Merchants.

J. A. Fletcher of the State Board of Trade addressed an informal gathering of the members of the Merchants' Exchange last evening, and urged the organization to take advantage of the opportunities that were presenting themselves to advertise Oakland and Alameda county. He said the State is filled with tourists eager for information, and that the approaching Epworth League convention will bring one of the largest number of Easterners here that ever visited the coast in a body.

## A Small Estate.

The estate of Margaret Theodore, deceased, has been appraised at \$200. It consists of a small ranch near Pleasanton.

## GOV. NASH'S INTENTIONS.

Will Not Talk of His Plans as to the Fight.

Associated Press Dispatches by The Tribune's Special Leased Wire. CINCINNATI, Feb. 12.—Replying to a telegraphic query sent by the Times-Star today, Governor Nash replied: "No newspaper has been authorized to say anything in regard to my present or future intention in connection with the prize fight. All that has been printed is guess work. I cannot talk about these matters. It would be injurious to the public service."

## CHAMBERLAIN DENIES.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Feb. 12.—In a recent speech William Randolph Cremer, member of Parliament from the Haggerston division of Shoreditch and secretary of the Workers' Peace Association and the International Arbitration League, asserted that shortly before the Queen's death Joseph Chamberlain was summoned to Osborne House to explain certain stories about the South African war which had been transmitted to Queen Victoria by the Queen of Holland.

Today Mr. Chamberlain's denial of the assertions is issued.

"Of course," says he, "there is not a word of truth in Mr. Cremer's statement."

## THE PEACE ENVOYS.

Associated Press Dispatches by The Tribune's Special Leased Wire. LONDON, Feb. 12.—A special dispatch from Cape Town says A. D. Vomerans, their delegate in the United States and Europe, writes from Paris, strenuously urging the belligerents to surrender.

## Fire at Pringle Residence.

A defective flue caused a small blaze at the residence of Mrs. Edward J. Pringle, corner of Seventh avenue and East Nineteenth street, last evening. The fire department responded promptly to an alarm, and the fire was quickly extinguished, the damage being slight.

## BUSINESS MEN DENOUNCE TOMPKINS

They Brand the City Clerk  
as a Bold  
Falsifier.

The statement made at the last meeting of the City Council by City Clerk Tompkins, reflecting upon the character of the election supplies furnished to Amador County by the firm of Freygang-Leary Co., of San Francisco, in the attempt to bolster up his unwarranted letting to a rival firm without competition of the contract for supplying election returns to this city for the forthcoming election, was brought to the attention of Messrs. Freygang-Leary Co. and in response the following statement was received from that firm:

"The best answer that we can make to the statement that we asked endorsement of our supplies from Amador County (which we never had dealings with) is contained in the following circular, a copy of which we have sent to every County Clerk in this State. It shows up what we are contending against and what the people are contending against in the effort to get election supplies at figures which guarantee good work, and a reasonable return for the manufacturer, without requiring either manufacturer or public officials to engage in any dishonest practice. We wish you would publish this circular in full, in justice to our firm and the public. We want you to publish it in full. This letter will tend to refute the malicious statements of those who have been assailing us behind our back:

"SAN FRANCISCO, June 25, 1900.—The Honorable Board of Supervisors: Gentlemen: A combination of so-called manufacturing stations in this city is attempting to corner the county election supplies at exorbitant prices, a scheme which we positively refused to entertain, as we have done in the past. These parties are now circulating and exhibiting to the different county officials a typewritten printed circular, supposed to be signed by Mr. John H. Corcoran, County Clerk of Mariposa County, to the effect that the supplies furnished him by us were very unsatisfactory.

"We declare that this circular is an unqualified falsehood and a bold attempt at blackmail for the publication of which we shall have the guilty parties punished by law.

"We further state that we never furnished any supplies to County Clerk Corcoran, and for the supplies furnished by his predecessor in office, Mr. M. E. Newman, we have the following self-explanatory letter:

"MARIPOSA, Cal., Oct. 23, 1896.—Freygang-Leary Co., San Francisco, Cal.: Gentles: Please furnish 1 book of records as per enclosed copy, instructions marked on sheet. The 22 lots election supplies and ballots arrived here safely. I am much pleased with the goods, some being very satisfactory. Send book Mariposa stage via Merced. Yours truly,

"M. E. NEWMAN, County Clerk."

"We further quote from a letter of the Honorable Secretary of State, L. H. Brown:

"Department of State, Sacramento, August 2, 1896.—Messrs. Freygang-Leary Co., San Francisco: Gentles:

I respectfully suggest that you correspond with each County Clerk relative to purchasing your 1898 edition of Election Laws. The copy you kindly sent is very complete, correct and invaluable. Sincerely yours,

"L. H. BROWN, Secretary of State."

"In order to show our good faith, we will, if required, deposit a certified check of \$250 or more with the Chairman of your Honorable Board as security for the proper fulfillment of our contract. Hoping that this will convince you that we are in earnest, we beg you will co-operate with us in saving money for your county.

"We send herewith sample copy of our 1900 Edition of Election Laws. Special rebates to county officials. Very truly yours,

"FREYGANG-LEARY CO."

"City Clerk Tompkins is wild in his statements. Mr. Corbelle has sold the self-same supplies to southern counties for \$1.25 per set which he is now selling to Oakland for \$3.50 per set. He also offered to sell to Mr. Ryan of Redwood City, a local dealer, supplies for election for \$2 a set and he tried to induce him to break his contract with Freygang-Leary Co., by endeavoring to force him to take his (Corbelle's) goods. He did everything, personally, to make Ryan break his contract with Freygang-Leary Co. But Ryan was an honest man and refused to do as Corbelle wanted him to do and refused to have the goods thrown back on him.

"As far as Tompkins is concerned, we do not know that he is in existence, and you, as well as I, can imagine why he is so interested in making a fight of this kind in the face of the statement which we have made. You can well understand what would induce him to become so ardent an agent of a firm from this city, and in so doing prevent an open, honest bidding in public for the work. If we can furnish as good as the best supplies for \$3.50 per set, why should Oakland pay \$5.00 per set? If Corbelle furnished those goods to counties of this State for \$1.25 per set, why should he charge \$3.50 to Oakland. There is a big profit there for somebody.

"As regards the letter which Clerk Tompkins says he got from the Clerk in Amador county, I would like to ask how he got it? There was no time for him to write up there and get it even if he knew that such a letter could be got there. But the facts of the case are that we never, in 1893 or at any other time, sent election supplies to Amador county. That letter, therefore, is not only a misrepresentation but has been used in maliciously for the purpose of deceiving the people and injuring us in the interest of a combine which does not hesitate at such dirty tricks.

"I see that Tompkins has put in bills for 'extras'. There should be no 'extras'. That is simply and purely a blind. The first item on your notice in the bill for 1897 reads '25 sets of election supplies'. That tells the story. 'Printed supplies' are 'printed supplies'. They include everything needed at the polls on election day. Now, why does he run in under the head of 'extras' such things as tally-lists, poll-lists, sealing-wax, envelopes, rubber stamps? When he puts those under the head of 'extras', I would like to know what he furnished as 'printed supplies'. In our bill of \$3.50, by the term 'printed supplies' we included everything. 'Extras' and others which Mr. Tompkins has charged for. I cannot understand why any public body should overlook so palpable a species of trickery and deceit. Tompkins put this in so as to swell his bill. He did not have to pay the bill. The tax-payers had to pay that, but that kind of work is the work which counts up when a public official wants to do business on his own hook. His bill is a humbug, nothing else.

"Again I want to say that those self-same supplies which Tompkins is making the people of Oakland pay \$5.00 for, which means a loss of \$1.50 a set to the tax-payers, were sold through a local dealer in Stockton for \$3.00 a set, which means a loss of \$2.00 a set to the tax-payers. This is a gross fraud. The bill of \$3.50 in order to bar our bid of \$3.35 per precinct.

"If further information is desired to disprove the charges made against our firm which has been in existence since 1893 and is known throughout the Pacific Coast for integrity and fair dealing, we shall be prepared to furnish it.

## TO REGULATE POLITICAL CIRCULARS

Senator Devlin Wants a  
Change Made in  
Campaign Ways.

SACRAMENTO, Feb. 12.—Senator Devlin's bill relating to printing and distribution of anonymous circulars, deferring to a candidate for a nomination or election to a public office, has passed the Senate. The bill makes it a criminal offense to write, print, post or distribute any circular, pamphlet, letter or poster designed or intended to injure or defeat any candidate for public office by reflecting upon his personal character or political action unless there appears upon such circular in a conspicuous place either the name of the chairman and secretary or the names of two officers at least of the political or other organization issuing the same, or the name and residence of some voter of this State.

Another section to the bill declares that any person who prints such circular without adding to it his name, showing the printing office at which it was printed shall be guilty of making a misdemeanor. This bill is intended to correct some familiar abuses. If it had been presented by a San Francisco Senator it would at once be assumed that the author had in mind the case of Judge William H. Dunn, whose defeat for Superior Judge was unquestionably brought about in a large degree by the anonymous circulars which were distributed. There is very general discontent with this mode of procedure, and no doubt the bill will become a law.

**WATER RESOURCES.**  
The Senate has passed Senator Wolf's bill to provide for the joint investigation, with the Federal Government, of the water resources of the State, and of the best method of preserving the forests. The bill provides for the appointment of a committee of the Governor on or before April 1, 1901, and appropriates the sum of \$107,200 for the purposes of the act. The commissioners shall receive no salary, but may appoint a secretary at \$100 a month and shall allow \$200 a month for office and other expenses.

Senator Lukens' bill to provide for independent and unattached companies of that kind has been passed. The bill provides that any organization composed of veterans of the civil war and having the minimum number required to constitute a company, if approved by the State, may be organized and mustered in, even though the members thereof may be over the age of forty-five years. Such companies shall be a part of the national guard, and shall receive such allowances as may be allowed and approved by the board of military affairs, such allowances not to exceed the sum of \$50 in any one year.

Senator Belshaw yesterday presented a resolution asking a leave of absence from the State for himself for six months. He proposed to leave for a factitious frame of mind, referred the resolution to the Committee on Public Works.

Senator Caldwell has introduced a bill to provide for the payment of a salary to the State for the purpose of the school for the blind, under the age of 21 years, such school to be located at Riverside. Fifty thousand dollars is appropriated. It is understood that the object of this measure is to take the females away from the Whittier Reform School, where the conditions are said to be unfavorable for the correction of the morals of young girls.

**THE PRISONS.**  
Senator Belshaw has submitted a report of the committee which visited San Quentin and Folsom prisons. The report is to the effect that the discipline, sanitary condition and general conduct of the prisoners at San Quentin was good, although the bookkeeping methods by which the main office sought to keep track of the business affairs of the jail were inadequate.

At Folsom the machinery was in good condition, though some repairs were needed. The report embraced a resolution authorizing the President of the Senate to appoint a committee to investigate the sanitary conditions of the prisons and report to the next Legislature.

Senator Tyrrell of San Francisco has introduced a bill that is intended to correct evils that exist on the San Francisco water front. It prohibits the paying of salaries to any employee in a saloon, making such an act a misdemeanor. The motive for this bill is found in the fact that saloon employees on the water front pay their men off in saloons, by arrangement with the proprietors, the result being that the men feel it incumbent upon them to spend money, and are often thus led to squander their earnings.

**LARGE RECEIPTS AT  
THE MACDONOUGH.**

Sousa and his band hold the record for the largest pay house at the Macdonough Theater. This record was made when the band was here two years ago. Last night the record came within \$6 of being beaten. There were 550 people in the gallery, 400 in the balcony and 658 down stairs; total, 1,718. The total receipts for the night were \$2,476, just \$6 less than two years ago. Manager Ed Swift deserves a great deal of credit for the excellent manner in which he managed the affair.

**MEDICAL MEN DO  
THE RIGHT THING.**

At a meeting of the Alameda County Medical Association last evening a resolution came up "condemning the efforts of certain medical men of the regular school to organize and build a medical college, etc." The resolution was defeated. This was the proper thing to do.

**Boys Injured.**  
Walter Druke of 1215 Eighth street, a student at the Oakland High school, fell from his wheel a few days ago, fracturing one of his wrists.

Elbert Stearns of 127 Myrtle street also a High school student, sprained his ankle while participating in a game of basketball on the diamond near Sessions' basin.

## SANTA FE WILL SPEND A MILLION.

Wants Its Lease to  
China Basin Made  
Legal.

SACRAMENTO, Feb. 12.—Paris Kilburn and P. J. Harney, members of the State Board of Harbor Commissioners, and ex-Governor James H. Budd, attorney for the Board, came up from San Francisco yesterday and appeared at a meeting of the Senate Judiciary Committee. The object of the visit was to urge the committee to report favorably upon legislation that is intended to ratify the lease of China Basin to the Santa Fe Railroad for terminal purposes.

Ex-Governor Budd addressed the meeting and explained to the Senators that the State had nothing to lose and everything to gain by approving the lease. He said the Board had leased the property to the company and that if the lease should stand the company intended to spend a million dollars there for improvements. So far as the State was concerned it was only interested to that extent. The Santa Fe Company was saying to it, "We have the lease, but there is some question whether it would hold in certain contingencies, and we want you to secure to us our rights by such legislation as would attain that end."

There was no chance, Budd said, for the State to lose anything except by declining to satisfy the company. He did not apprehend that a failure on the Legislature's part to pass the desired laws would lead the company to abandon its present intention. On the contrary, he believed that they would go ahead at any rate. Still, it would be an act of justice and would be more satisfactory all around if the Legislature would approve the action of the State Board of Harbor Commissioners.

Senator Shortridge asked if the property would bring more from any other source if this lease should be repudiated, and Budd replied that he did not think that it would bring anything at all, as it was now a mud hole, under several feet of water at high tide. The bill that has been prepared to cover this matter is an exceedingly lengthy affair, and the committee devoted much time to reading and trying to digest it. It was finally taken under advisement.

## BILLS TO RAISE MONEY FOR THE U. C.

SACRAMENTO, Feb. 12.—In the Senate Judiciary Committee yesterday afternoon Dr. Johnson's educational bills were withdrawn. These bills provided for the raising of funds for the State University, and the end which it is now proposed to attain by other bills that have been introduced in the Senate and House. One of the Rowell bills proposed to raise money for the University by taxing incorporation papers filed with the Secretary of State. In its place, Rowell has presented another measure along the same line, but without reference to the University. It provides fees for the filing of articles of incorporation with the Secretary of State as follows: In cases where the articles of incorporation are for a company with a capital stock of \$25,000 or less the fee will be \$150; for \$25,000 to \$50,000, \$250; for \$50,000 to \$75,000, \$350; for \$75,000 to \$100,000, \$450; for \$100,000 to \$150,000, \$550; for \$150,000 to \$200,000, \$650; for \$200,000 to \$250,000, \$750; for \$250,000 to \$300,000, \$850; for \$300,000 to \$350,000, \$950; for \$350,000 to \$400,000, \$1,050; for \$400,000 to \$450,000, \$1,150; for \$450,000 to \$500,000, \$1,250; for \$500,000 to \$550,000, \$1,350; for \$550,000 to \$600,000, \$1,450; for \$600,000 to \$650,000, \$1,550; for \$650,000 to \$700,000, \$1,650; for \$700,000 to \$750,000, \$1,750; for \$750,000 to \$800,000, \$1,850; for \$800,000 to \$850,000, \$1,950; for \$850,000 to \$900,000, \$2,050; for \$900,000 to \$950,000, \$2,150; for \$950,000 to \$1,000,000, \$2,250; for \$1,000,000 to \$1,050,000, \$2,350; for \$1,050,000 to \$1,100,000, \$2,450; for \$1,100,000 to \$1,150,000, \$2,550;
